What To Do Now

- Check the changes to our benefits and costs to see if they affect you.** It is important to review benefit and cost changes to make sure they will work for you next year. Read this document about possible benefit and cost changes for our plan.
 - Check the changes to our prescription drug coverage to see if they affect you.** Will your drugs be covered? Are they in a different tier? Can you continue to use the same pharmacies? It is important to review the changes to make sure our drug coverage will work for you next year. Review the 2022 Drug List and look in Section 1.3 for information about changes to our drug coverage.
 - Think about your overall costs in the plan.** How much will you spend out-of-pocket for the services and prescription drugs you use regularly? How much will you spend on your premium? How do the total costs compare to other Medicare coverage options?
 - Think about whether you are happy with our plan.**
 - Look in Section 1 for information about benefit and cost changes for our plan.

If you decide to stay with Iron Road Healthcare Medicare Part D Prescription Drug Plan:

If you want to stay with us next year, you do not need to do anything. You will automatically be enrolled in our plan.

If you decide to change plans:

If you decide other coverage will better meet your needs, you can switch plans anytime during the year. If you enroll in another Prescription Drug Plan other than Iron Road Healthcare Medicare Part D Prescription Drug Plan, it may impact other benefits, such as your HCPP Part B and Medicare Part A & B Secondary Plan medical coverage. It is important that you read your *Evidence of Coverage* thoroughly and understand any implications of leaving your current plan.

Summary of Important Costs for 2022

The table below compares costs for 2021 costs and 2022 for Iron Road Healthcare Medicare Part D Prescription Drug Plan in several important areas. **Note this is only a summary of changes. SECTION 1 Changes to Benefits and Costs for Next Year

Section 1.1 Changes to the Monthly Premium

	2021 (this year)	2022 (next year)
Monthly premium You must continue to pay your Medicare Part B premium.	The Iron Road Healthcare Medicare Part D Prescription Drug Plan premium is \$255 . This is a combined premium for your Part D and HCPP Part B Plan & Medicare Part A & B Secondary Plan.	The Iron Road Healthcare Medicare Part D Prescription Drug Plan premium is \$255 . This is a combined premium for your Part D and HCPP Part B Plan & Medicare Part A & B Secondary Plan.

- Your monthly plan premium will be **more** if you are required to pay a late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month for your Medicare prescription drug coverage. This will be paid directly to the government. Please refer to your *Evidence of Coverage* for more information.
- Your monthly premium will be **less** if you are receiving “Extra Help” with your prescription drug costs.

Section 1.2 Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare Prescription Drug Plans have a network of pharmacies. In most cases, your prescriptions are covered **only** if they are filled at one of our network pharmacies. Our network includes pharmacies with preferred cost sharing, which may offer you a lower cost than the standard cost sharing offered by other network pharmacies for some drugs.

There are changes to our network of pharmacies each year. An up-to-date Pharmacy Directory listing can be found by using the “Pharmacy Locator” Tool on our member website at optumrx.com (under the “Member Tools” tab). You can review the listing to see which pharmacies are in our network and are close to you. For updated pharmacy information, you may also call OptumRx. Our contact information is on the front cover of this booklet.

Section 1.3 Changes to Part D Prescription Drug Coverage

Changes to our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any additional restrictions.** There are 3 ways to get updated information about covered drugs for your plan:

- Visit our website at optumrx.com and click on the “Drug Information” tool (found under the “Member Tools” tab).
- Visit our website at optumrx.com and download a copy of the formulary from the “Forms” page.
- Call OptumRx at 1-866-443-1095 to have a copy mailed to you.

We made changes to our Drug List. This includes changes to covered drugs and changes to restrictions that apply to our coverage for certain drugs. We are allowed to make changes to the Drug List from time to time throughout the year, as allowed by Medicare rules. We can also remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer.

Note: The restriction of a 30-day maximum supply limit on opioid drugs at both retail and mail-order pharmacies still remains in effect. There is also a 30-day maximum supply limit for some specialty and high-cost drugs.

The *Abridged Formulary* includes many, but not all, of the drugs that we will cover next year. If you do not see your drug on this list, it might still be covered. **You can get the complete *Comprehensive Formulary*** by calling OptumRx (see front cover) or by visiting optumrx.com.

If you are affected by a change in drug coverage you can work with your doctor (or prescriber) to:

- **Ask the plan to make an exception** to cover the drug. You can ask for an exception before next year and we will give you an answer before the change takes effect. To learn how to ask for an exception, refer to Chapter 7 of your *Evidence of Coverage* or call OptumRx Member Services.
- **Find a different drug** that we cover. You can call OptumRx to ask for a list of covered drugs that treat the same medical condition. Our contact information is on the front cover of this booklet.

In some situations, we will cover a **one-time**, temporary supply of a non-formulary drug in the first 90 days of the plan year or the first 90 days of membership. To learn more about when you can get a temporary supply and how to ask for one, refer to Chapter 3 of the *Evidence of Coverage*. When you are using a temporary supply of a drug, you should talk with your doctor (or prescriber) to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you currently have a formulary exception on file for the 2021 plan year, you may need to submit a new request for an exception for 2022. The approval letter you received contains a start and end date for the approval. Please refer to that letter to determine if a request for a new exception is needed.

Changes to Prescription Drug Costs

There are 4 drug payment stages. How much you pay for a Part D drug depends on which drug payment stage you are in.

The following information shows the 4 drug payment stages. You can also refer to your *Evidence of Coverage* for more information about these stages.

Note: If you are in a program that helps pay for your drugs (called Extra Help), the information about costs for Part D prescription drugs may not apply to you. We will send you a separate insert, called the “Low Income Subsidy Rider” (or the “LIS Rider”) that tells you about your drug coverage. If you receive this insert, please call OptumRx. Our contact information is on the front cover of this booklet.

The information below shows changes for next year to the first two stages – the Yearly Deductible and the Initial Coverage (most members do not reach the other two stages – the Coverage Gap or the Catastrophic Coverage). For information about your costs in these stages, see Chapter 4 in the enclosed *Evidence of Coverage*.

Section 1.4 Changes to the Part D Plan Service Area

Service Area Expansion

The service area for this plan includes the United States, District of Columbia, Guam, Puerto Rico, the US Virgin Islands, Northern Mariana Islands, and American Samoa. Keep in mind, if you move out of the service area, you will be disenrolled from this plan. It is important that you notify both OptumRx and Iron Road Healthcare if you plan to move outside the service area.

SECTION 2 Deciding Which Plan to Choose

Section 2.1 If You Want to Stay in Iron Road Healthcare Medicare Part D Prescription Drug Plan

To stay in our plan, you do not need to do anything. If you do not sign up for a different plan, you will automatically be enrolled as a member of our plan for 2022.

Section 2.2 If You Want to Change Plans

We hope to keep you as a member next year, but if you want to change for 2022, follow these steps:

Step 1: Learn about and compare your choices

- You can join a different Medicare Prescription Drug Plan.
- You can change to a Medicare Health Plan. Some Medicare Health Plans also include Part D prescription drug coverage.
- You can keep Original Medicare *without* a separate Medicare Prescription Drug Plan.

This prescription drug coverage is offered in conjunction with your medical coverage. If you choose a different Medicare Prescription Drug Plan other than the Iron Road Healthcare Plan, you will lose your medical benefits and will not get another opportunity to re-enroll in the plan again.

To learn more about Original Medicare and the different types of Medicare plans, read the *Medicare & You* handbook, call your State Health Insurance Assistance Program, or call Medicare.

You can also find information about plans in your area by using the Medicare Plan Finder on the Medicare website. Go to [medicare.gov](https://www.medicare.gov) and select “Find health & drug plans.” **This site provides information about costs, coverage, and quality ratings for Medicare plans.**

Step 2: Change your coverage

- To change **to a different Medicare prescription drug plan**, enroll in the new plan. You will automatically be disenrolled from Iron Road Healthcare Medicare Part D Prescription Drug Plan and the HCPP Part B and Medicare Part A & B Secondary Plan.
- To **change to a Medicare health plan**, enroll in the new plan. You will automatically be disenrolled from Iron Road Healthcare Medicare Part D Prescription Drug Plan and the HCPP Part B and Medicare Part A & B Secondary Plan.
- To **change to Original Medicare without a prescription drug plan**, you can either:
 - Send us a written request to disenroll. Contact OptumRx if you need more information on how to do this (phone numbers are located on the front page of this booklet).
 - Contact **Medicare** at 1-800-MEDICARE (1-800-633-4227), TTY 1-877-486-2048, 24 hours a day, 7 days a week, and ask to be disenrolled.

SECTION 3 Deadline for Changing Plans

If you want to change to a different prescription drug plan or to a Medicare health plan for next year, you can do it anytime during the year. The change will take effect on first day of the following month.

SECTION 4 Programs That Help Pay for Prescription Drugs

You may qualify for help paying for prescription drugs. There are 3 basic kinds of help:

- **“Extra Help” from Medicare.** People with limited income may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75 percent or more of your drug costs, including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify will not have a coverage gap or late enrollment penalty. To see if you qualify, you can call:
 - 1-800-MEDICARE (1-800-633-4227), TTY 1-877-486-2048, 24 hours a day, 7 days a week
 - The Social Security Administration at 1-800-772-1213, TTY 1-800-325-0778, 7 a.m. - 7 p.m., Monday - Friday.
 - Railroad Retirement Board at 1-877-772-5772, TTY 1-312-751-4701. If you press “0,” you may speak with an RRB representative from 9:00 am - 3:30 pm, Monday, Tuesday, Thursday, and Friday, and from 9:00 am - 12:00 pm on Wednesday.
- **Help from your state’s pharmaceutical assistance program** - There are programs that help people pay for prescription drugs based on their financial need, age, or medical condition. To learn more about the program, check with your State Health Insurance Assistance Program.
- **Prescription cost-sharing assistance for people with HIV/AIDS** - The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance. For information on eligibility criteria, covered drugs, or how to enroll in the program, contact the program in your local state of residence.

Fraud, Waste, and Abuse

Fraud, waste, and abuse is a serious matter. It is in your best interest to protect yourself from fraudulent schemes. The Centers for Medicare & Medicaid Services (also called CMS or Medicare) has partnered with a national Medicare Drug Integrity Contractor (MEDIC) to help detect, correct, and prevent fraudulent behavior within Medicare Part C and Medicare Part D. In collaboration with CMS, the MEDIC has developed several pamphlets that are designed to provide you with critical information related to fraud, waste, and abuse. They include information on what to look for and how to report it if you suspect that you may have been subjected to fraud. These pamphlets can be found online at optumrx.com on the “Forms” page.
